38

39 In general, the work consists of: Remove the existing domestic water service to Bowman Hall and provide a new  
40 water service and meter off the existing service located in the utility tunnel between Harvey Hall and Bowman Hall.  
41 Remove an abandoned 10" steam main to accommodate the installation of the new water service and fire protection  
42 main (for future system). Some minor architectural work and site work is required. Provide grounding to the new  
43 water meter.  
44

45 Construction bidding documents (drawings, specifications and addenda) may be obtained only as downloadable  
46 electronic files (in PDF format) from the Division of Facilities Development website. Construction bidding  
47 documents may also be available at various Builders' Exchanges. Additional project bidding information, including  
48 plan holders lists are available on the Division of Facilities Development public website:
